

BURNETT TO TRY "LITERACY TEST" BILL ONCE MORE

Alabama Congressman Going
to Introduce Immigration
Act Monday

TWICE VETOED BUT IT
MAY BE LAW THIS TIME

Stopping of European Labor
Recruiting Virtually Ends
Hawaii's Special Interest

[Special Star-Bulletin Cable]
WASHINGTON, D. C., Dec. 1.—Congressman John L. Burnett of Alabama will introduce at the coming session of Congress the same immigration bill which has been before Congress at previous sessions. It is to be introduced on the first day of the session, Monday, without change from the previous form. The literacy test remains exactly the same as before.

During the winter Congressmen Burnett will urge the passage of the bill. Twice the immigration bill has passed Congress and been vetoed.

C. S. ALBERT.

The bill referred to is now known as the Dillingham-Burnett bill, and is a consolidation of the bills of Senator Dillingham of Vermont and Congressman Burnett, who is chairman of the house committee on immigration and naturalization. The bill is intended to restrict immigration. The literacy test in brief would require for admission that aliens be able to read 40 words in some language, those failing to pass the test being deported.

Both President Taft and President Wilson vetoed the bill when it came to them on account of the literacy test, believing it not a fair test of an alien's desirability.

Because of Hawaii's special interest in past years in bringing laborers from the southern part of Europe, the islands have had a keen interest in the Burnett bill, as many of the southern Europeans brought here would be barred if such a test were imposed.

At the present time the territorial board of immigration is bringing no families from Europe, and the passage of the bill now would greatly affect immigration to the islands.

When the Congressional party was here last spring, Congressman Burnett was one of the speakers. He explained the reasons for the bill, which he said would be a fair test of an alien's desirability.

Plans for extending a welcome to the tourists who will arrive in Honolulu Friday morning at 10 o'clock on the Great Northern from San Francisco and Los Angeles were perfected this morning when members of committees from the Chamber of Commerce, the Ad Club, the Promotion Committee and the Commercial Club held a conference in the Chamber of Commerce's rooms.

Members of all the organizations will be on the dock when the ship arrives on her last trip over the new route and several of them will go out on a launch to give "Aloha" to the passengers. Little are to be distributed and a pamphlet has been prepared in which is given information about Honolulu, including many things from hotel rates to places to see.

On the dock the members of the organizations will answer any questions asked, and endeavor to assist as far as possible all the visitors.

Impression that a free automobile ride about the city was to be offered the Great Northern passengers was said by Raymond C. Brown, secretary of the Chamber of Commerce, to be entirely erroneous. The morning of the arrival of the ship, however, the cars will be in the streets, which is being printed for distribution among the visitors.

'CAMPAIGN WILL BE WHAT PEOPLE MAKE IT'—BROWN

Noted Evangelist Gives Mes-
sage to Honolulu Residents
Through Star-Bulletin

CALLS OAHU SCENERY
"GOD'S MASTERPIECE"

First Sermon of Series Last
Night at Central Union Makes
Fine Impression on Hearers

TONIGHT'S PROGRAM.
7:30 p. m.—Address in Central Union church by Evangelist Brown on subject "God's Call to Honolulu." Special music by augmented choir with C. P. Curry, soloist, leading.

TOMORROW'S PROGRAM.
10:00 a. m.—Address in Central Union church by Evangelist Brown on subject "Upeating the Signs, or the Problem of Faith." Special music.

12:30 p. m.—Conference of all campaign workers with Evangelist Brown in Cooke hall, Y. M. C. A. building.

7:15 p. m.—Y. M. C. A. night school student assembly with Evangelist Brown in association with building.

7:30 p. m.—Address in Central Union church by Evangelist Brown on subject "Judge Let of the Lot Family." Special music.

"To the church people of Honolulu: This campaign, under God, will be just what we choose to make it. Nothing is impossible to a Christian community that believes in God and is ready to show its faith by its works. We all pray, but after all, our prayers are worth no more than we are willing to redeem them at in work. For the blessed I bring no new story. It's the old, old story, and yet the story ever new of the love that taught us and the blood that bought us. I come preaching a Christ unfettered in faith, unshaken in power. To this Christ I invite the unweary of Honolulu—high and low, rich and poor."

This is Evangelist John E. Brown's initial message to the church people of Honolulu. Asked for it today, he answered a willingness to have the Star-Bulletin send it forth that it might reach those persons who, perhaps have received no other notice of the Brown-Curry campaign, the first meeting of which was held in Central Union church last night.

Evangelist Brown, and C. P. Curry.

JOINT LUNCHEON
FOR OFFICERS OF
GREAT NORTHERN

The Honolulu Commercial Club and the Chamber of Commerce will tender a joint luncheon at the Commercial Club to the officers of the Great Northern on Monday, December 6, in honor of the initial voyage of the Great Northern of the new service.

Several of the leading men of the city will be invited as guests. On this occasion the Commercial Club will have open house for members of the Chamber of Commerce, Ad Club and Hawaii Promotion Committee.

ARMY OFFICER DID NOT
MEAN TO RUN TOO FAST;
GETS OFF WITH \$5 FINE

Another of the speeding motorists arrested Monday night on Kalaniana'ole avenue paid a fine this morning, this being A. Sorenson, whose case was continued yesterday when the other cases were up.

QUEEN OPPOSED TO KUHIO'S SUIT, INSISTS LAUKA

Managing Trustee of Liliuoka-
lani's Estate Says Former
Ruler is Satisfied

PRINCE STARTS FIGHT
WITHOUT HER CONSENT

Wants Trust Deed Set Aside
on Grounds She Was Not of
Strong Mind When Signing

That the equity suit brought by Prince Jonah Kūhio Kalaniana'ole, delegate to Congress, to dissolve the trust holding the estate of Queen Liliuokalani, was led by the delegate in the queen's name, but without her consent or approval, was the declaration made today by Col. Curtis P. Jenkins, trustee and managing trustee of the Liliuokalani Trust, and one of the respondents named in the suit.

"There is very little I can say regarding the matter," said Colonel Jenkins in a statement to the Star-Bulletin from Washington place. "The queen is very much opposed to the suit. Prince Kalaniana'ole took action without her consent."

The filing of the suit in circuit court, which was predicted by the Star-Bulletin on Monday of last week, was perfected yesterday. Attorney J. Lightfoot filed the papers, which were received by Clerk Henry Smith. It is understood that Attorney Lightfoot is associated with the legal firms of Castle & Wellington and Thompson, Milverton & Cathers, as counsel for Kūhio.

Newspapers Not to Get It.

Considerable secrecy was maintained over the filing of the suit. Shortly before 9 o'clock, Clerk Domitius at circuit court was asked by the Star-Bulletin for the title of the case. Domitius replied that Henry Smith had received the filing but had not entered the case of record. Mr. Smith was out, said Domitius. Domitius also said that "the newspapers were not to get the story."

Asked for a copy of the suit, Attorney Lightfoot, after consulting with an officer of the Hawaiian government, refused the information that there were no extra copies—"only enough to go around."

This is not the first suit that has been brought with a view to breaking the trust in which the queen's estate is held. In 1910, while in Washington, D. C., the queen brought action for the same purpose. A discontinuance was filed following her return to Honolulu, however.

The action brought by Kūhio seeks

AUSTRIA RESTLESS; MAY BE SPLIT

German Official Cablegram
Shows Balkan Resistance
Gone; Many Prisoners Taken
at Prisrend

The following cablegram from Ger-
man official sources was received to-
day:

"German Headquarters Report, December 1.—At Prisrend the victorious Bulgarians took 15,000 Serbians and captured also numerous cannon for mountain fighting and other war material. Isolated detachments are now taking place at various parts of the Balkan war zone."

"On the west front, west of La Basse, the German mine-blasting caused considerable damage to an English position."

"An English and a French air-craft have been shot down and the operators taken prisoner."

HONOLULU BOY
IS FREED FROM
BRITISH CAMP

Alfred Hendrickson No Longer
Interned Under Suspicion
of Being a German

Alfred Hendrickson, the Honolulu boy who was interned in a concentration camp in England because he was believed to be a German, has been released according to word that reached his father, John Hendrickson, today from the department of state. The father and family live at 423 South Commercial street.

News of Hendrickson's plight reached Hawaii first through a cablegram on September 23 from the department of state to Governor Plummer, asking for information concerning the young prisoner who claimed to be a native of Honolulu. Secretary Wade Warren Thayer at once got busy on the case and soon had a sufficient amount of data collected to establish Hendrickson's citizenship. The story being printed in the Star-Bulletin at that time.

Today's letter to the father from the state department, dated November 18, is the first word that has been received regarding the results of the cable which Secretary Thayer sent back to Washington. It says:

"With reference to the department's telegram of September 23 addressed to the governor of Hawaii, concerning the citizenship of your son, Alfred Hendrickson, who was interned in England as a prisoner of war, you are informed that the department has received a telegram of November 12 from the American ambassador at London, reading as follows:

"Hendrickson has been released. He expresses intention of remaining in England for business reasons."

"Your obedient servant,
"For the secretary of state,
"ALFRED A. ADEE,
Second Assistant Secretary."

Hendrickson left here on the Australian tramp steamer Rocket seven years ago. He shipped as a fireman, staying with the boat on a voyage to Japan and down the coast of China. Finally he joined a German boat, and as he looked considerably like a German he is supposed to have been picked up at an English port with the fellow members of his crew soon after the war broke out. A letter is expected from him in a short time.
